

New World Dawning

*Exploring a More Human
Architecture for Planet Earth*

6:30pm Friday March 31 to 6:30pm Saturday April 1

St. Francis of the Woods Retreat Center - Coyle Ok.

Pat Webb and Joyce Marshall invite you to join us for a very special Retreat to explore the kind of world we want and ways to create it. Insanity has been defined as doing things the same way and expecting a different result. After centuries of doing things in a patriarchal way, we see the results in human misery across the Earth. We want new results – results that support life on this planet.

**Yet, humanity is deeply ingrained in an old way of thinking.
Can we find new ways of being in our world? How?**

We'll explore these questions by looking at 5 aspects of patriarchy with a set of surprisingly playful “antidotes” for each. Our lively *experiences* will help us: (1) challenge outdated assumptions about life and each other; (2) reclaim our own authority; (3) recover our sense of beauty, appreciation, play and laughter; and (4) transcend the divisiveness at the root of enemy-making.

Come ready to take a fresh look at our world and how it can become much more life-supporting! Won't it be great to take the time to BE with methods to nurture each other and the planet far into the future? **Let's build our confidence to create change!**
